Gochara (Transit) Essentials:

Understanding the Planetary Transits in Vedic Astrology

- Fundamentals of planetary transits
- Impact of transits on the 12 houses in a natal chart
- How to interpret transits for personal and predictive purposes

What is Gochara (Transit)?

The term "*Gochara*" literally means "movement" or "going through."

Gochara (Transits) represents the movement of planets through the zodiac in real time

Key Elements in Analyzing a Horoscope

- Lagna
- Bhava
- Yoga
- Amsa
- Nakshatra
- Dasa
- Gochara
- ...

STATIC Elements

DYNAMIC Elements

What is Gochara (Transit)?

Gochara provides a dynamic layer to the static birth chart, revealing how current planetary movements impact an individual's life.

the current movement of planets in the sky and their influence on a person's natal or birth chart.

Key Aspects of Gochara (Transit)

Dynamic Influence

Unlike the natal chart (which remains static),

Gochara represents the ever-changing positions of the planets.

predict the **timing of events, successes, challenges, and changes** in different areas of life

Planetary Interactions

NATAL position Vs. *TRANSITING* position of planets

Compare the Planets' current position from Moon's positions in one's natal chart Vs. Lagna's positions in one's natal chart

Observe how the transiting planet interacts & influence with other natal planets

House Influence

NATAL position Vs. *TRANSITING* position

Observe influence of transiting planet on the 12 houses.

As planet move through different houses, it affects specific aspects of life as per condition of those houses

i.e . a planet transiting the 10th house can bring changes in career or change in status

Aspect (Drishti) Effects

Drishti of TRANSITING position of planets

Analyze the aspects (drishti) on other 12 houses

Analyze the aspects on other planets

Whether the influence will be positive or negative depends on the planet's nature and dignity during transit

Benefic Vs. Malefic Effects

The effects of *Gochara* depends on nature and condition of planet

Benefic (Jupiter or Venus) Or Malefic (Saturn or Mars)

Favorable transit can bring prosperity and growth

Unfavorable transits can bring delays or hardships

Jupiter Transit

As a major benefic, Jupiter's transit over key houses or planets can enhance the results of Yogas.

A strong Jupiter transit can boost the positive effects of Yogas.

Saturn's Transit

Parashara gives significant importance to Saturn's transit and its ability to suppress or delay the effects of positive Yogas.

For instance,

if a strong Raj Yoga is present, but Saturn is transiting unfavorable houses, it may delay or block the full realization of the Yoga's benefits

Dasha and Gochara

Interpret transit along with current dasha system to understand when the transit will manifest its full impact

Parashara emphasizes that

‘while *Yogas* may be present in the chart, they will only become active during the appropriate *Dasha* and when the planets involved in the *Yoga* are favorably transited.

Transits act as "triggers" for *Yogas*, and timing is crucial

Mantreswara (Phala Deepika)

offers detailed insights into the effects of transits on Yogas

Activation of Yogas

He explains that Yogas, no matter how strong, require favorable transits to deliver their full results.

I.e. Dhana Yogas will be activated when Jupiter or Venus transit the 2nd or 11th houses

Mitigating Malefic Yogas

Negative influences of *Kemadruma Yoga* can be reduced when benefic planets like Jupiter or Venus are transiting favorable houses or aspecting the afflicted planets.

Saturn's Transit

Parashara gives significant importance to Saturn's transit and its ability to suppress or delay the effects of positive Yogas.

For instance,

if a strong Raj Yoga is present, but Saturn is transiting unfavorable houses, it may delay or block the full realization of the Yoga's benefits

Dasha and Gochara

Interpret transit along with current dasha system to understand when the transit will manifest its full impact

Parashara emphasizes that

‘while *Yogas* may be present in the chart, they will only become active during the appropriate *Dasha* and when the planets involved in the *Yoga* are favorably transited.

Transits act as "triggers" for *Yogas*, and timing is crucial

Mantreswara (Phala Deepika)

offers detailed insights into the effects of transits on Yogas

Activation of Yogas

He explains that Yogas, no matter how strong, require favorable transits to deliver their full results.

I.e. Dhana Yogas will be activated when Jupiter or Venus transit the 2nd or 11th houses

Mitigating Malefic Yogas

Negative influences of *Kemadruma Yoga* can be reduced when benefic planets like Jupiter or Venus are transiting favorable houses or aspecting the afflicted planets.
